

FANCY LETTERS LTD.

Calligraphy FAQ

We address outer and inner envelopes, place cards, escort cards, menus, and the like.

If you wish to supply your own paper or card stock, we can print the wording on the invitation for any type of party or formal event... from **parties to weddings, Bar and Bat Mitzvahs,** and more.

Invitations should generally be mailed 6-8 weeks prior to your event. Depending upon the amount of invitations, and time of year, please allow up to 3 weeks for envelope calligraphy. Names and addresses must follow a specific format or additional set up charges will be incurred, and you will add to the timeframe for completion.

Generally, when ordering invitations, it is best to order at least 25 extra envelopes, so as to allow for human or machine error. Getting extra envelopes later is time consuming, and costs substantially more. Extras cover extra guests, a wrong address, or change of status of a guest.

Please note that not every envelope will work with machine calligraphy; glossy papers, dark colors, raw or handmade papers, some vellum, and papers that are either too thick or thin can pose a challenge to the system and may not work at all.

Please contact us for specific details and pricing.
